

TRANSPORTATION REQUIREMENTS

Thank you for considering us for your wedding ceremony or special occasion! We hope that we can help make your special day amazing with one of our stunning arbours or signs.

At Amber Aisles, we offer a range of transportation options for your choice of arbour or sign. While we will strive to make everything as simple as possible, delivery of your arbour may not be available and is dependent on your event location and day. This can be determined by filling out an enquiry form, and we will let you know if you are eligible for delivery.

To help you find out which of these arbours are the best option for you, please see below the transportation requirements:

1. **Summer Romance:** the Summer Romance arbour is 1.9m in length, and must be transported laid flat to ensure the flowers are not damaged. Therefore, to transport this arbour you MUST have a ute, trailer or van with at least 2m length. Foam padding will be provided and must be laid beneath the arbour for all transportation, and a tarp must be used to cover the arbour if an open tray or trailer is being used. The bases for this arbour easily detach for transportation and set-up.
2. **Poppy Delights & Bougainvillea Dream:** This arbour can be dismantled to be handled by one strong individual or two people. Once dismantled, the arbour will require a space of 1.6m x 1.5m (laid flat), so a ute, trailer or van is highly recommended. Foam padding will be provided and must be laid beneath the arbour for all transportation, and a tarp must be used to cover the arbour if an open tray or trailer is being used. The flowers will be provided in containers for transport, with instructions for set-up included.
3. **Signs:** All signs are A1 size with flowers included. It is recommended that the sign be transported flat and should not have anything placed on-top so as to not knock off the lettering or scratch it accidentally.

If you have any further questions about transportation requirements and delivery options, please do not hesitate to contact me further by filling out an enquiry form.
